README

ABOUT THIS DOCUMENT

This document explains what is included in the sample pack and how to evaluate it before reviewing the full reference pack.

Source-backed intelligence for serious operators.

PRODUCT	Commercial Electrical Reference Pack
EDITION	2026 Submittal & Procurement Edition
VERSION	1.0
PUBLICATION	April 2026
LICENSE	See the Licenses and Attribution folder, license.txt, for full terms

What This Sample Is

This sample is a reduced, source-backed preview of the Commercial Electrical Reference Pack.

It includes selected equipment, submittal, risk, source, methodology, limitation, license, and provenance material.

How to Review

Open Start Here first, then review the sample workbook and equipment cards.

Use the source URLs and sample provenance file to verify how rows are tied to public documents.

Full Pack Preview

The full pack includes the complete workbook, all buyer-facing CSV tables, all documentation PDFs, the full source index, and full provenance files.

Try the full pack: signalsculpt.com/commercial-electrical-reference/2026-submittal-procurement-edition. Direct purchase: visit signalsculpt.com/commercial-electrical-reference/2026-submittal-procurement-edition for current purchase options.

Limitations

The sample is for evaluation only and does not include every row or every documentation file from the full product.

The same non-advice posture applies to the sample and full pack.
